

Year 1 Home Learning.

In case you must isolate, due to covid, or should the school be closed due to bad weather or any other circumstance, please find some activities below that you could do at home.

ENGLISH ACTIVITY.

Write some simple sentences about the cold weather. Can you add descriptive words into your sentences?

Think about the 5 senses. What can you see, hear, touch, smell and taste on a cold, winter day.

I can see.....

I can hear.....

You could draw or paint a picture to illustrate your writing.

Remember, neat handwriting (with letters on the line!), Capital letters, finger spaces, use phonics to sound out words you want to write and remember to put a full stop at the end of every sentence.

MATHS ACTIVITIES.

- Practise your fact family skills. Use the part wholes below to create a list of all the facts we know. How many addition calculations can you make? How many subtraction facts can you make? Remember to think carefully about the order of the numbers and to check that the calculations you write make sense!

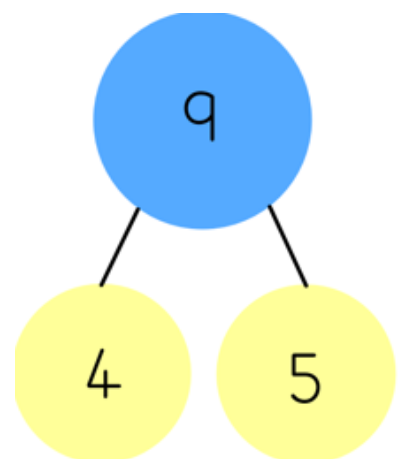

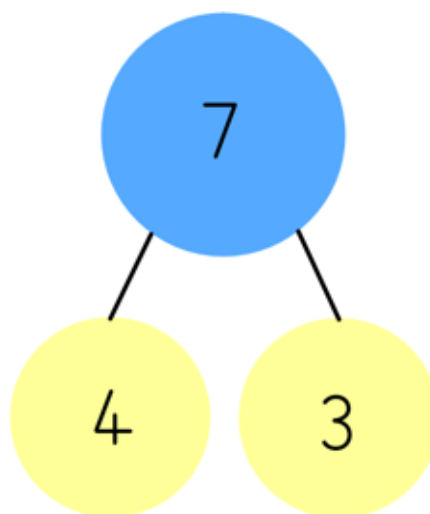

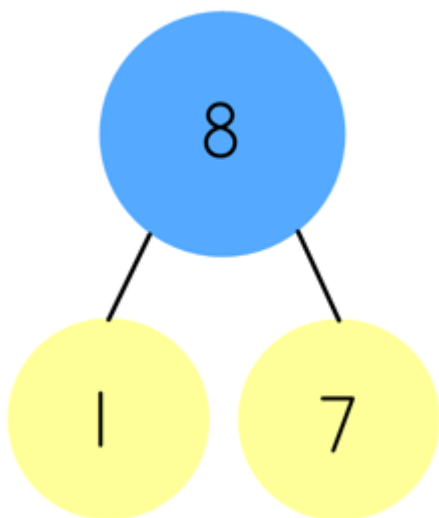

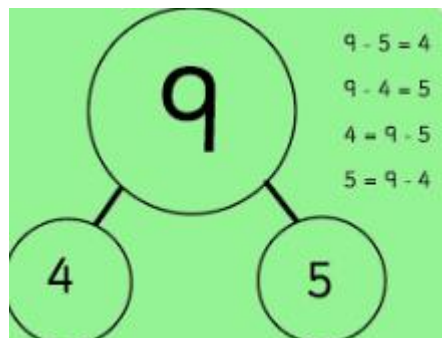

Example: If I have the numbers 4, 5 and 9.

$$4 + 5 = 9$$

$$5 + 4 = 9$$

$$9 - 4 = 5$$

$$9 - 5 = 4$$

Fancy a challenge? Can you make any of your own part whole models and record the number sentences that go with them?

- Make paper snowflakes. Practise your folding and cutting skills. What shapes can you name in the snowflakes you create?

<https://www.youtube.com/watch?v=KD2kSdNLicI&t=22s>

ART ACTIVITIES.

- Draw the scene from a window in your house. You could paint, sketch or create a collage.

- Draw with Rob- choose one or a couple of the step by step drawing challenges to create your own masterpiece.
- Click on the link below to access Draw with Rob's You tube channel. Here you will be able to choose from many different characters and animals that you might want to draw.
